

Financial Resilience Project

Bridget Obi

Universal credit:

- Take note of your Username and password
 - Always inform Universal credit of any changes via your journal
 - What are you entitled to?
 - Personal money
 - Children's money
 - House element
-
- NOTE: The housing element is a money given to you by the Universal credit according to your local area. Universal credit is paid to you, or your landlord of the property based on the calculation for a 2 /3-bedroom property in a location and not what is asked by your property owner.
-
- The housing element is never enough to cover your monthly rent. It is now on you to top up your housing element to pay for your rent to avoid rent arrears.
-
- Fund Application: We can only apply for grant for each individual if you fall within the requirement of each organisation. Remember it is not a guarantee and, but BAOBAB will collaborate with you to get something at the end of the application.
